*Hospitality sourcing,
managed from Istanbul.*

WHO WE ARE

One managed relationship for hotel sourcing.

HADARA Hospitality is a hotel supplies company based in Istanbul. We help hospitality buyers source textiles, supplies and guest amenities through a selected network of manufacturing and supply partners in Türkiye.

Hotels and operators often coordinate many products, many suppliers and many details at once. We bring that into one managed process, so a buyer can focus on the property instead of the paperwork. We serve hotels, resorts, serviced apartments and hospitality supply distributors. For new openings, textile upgrades and ongoing replenishment.

We work with partner supply companies in the Balkans, the Netherlands, Doha and Riyadh, supplying them from Istanbul. Türkiye is our sourcing strength, not the limit of the markets we serve.

WHAT WE DO

Select

We help choose the right products and specifications for the property, its guests and its budget.

Follow up

We follow every order through to delivery and stay available once it arrives.

Coordinate

We coordinate sourcing and delivery across our partners through one managed process.

One point of contact
